

# Manager Snapshot

Chief Financial Officer Alan Zehr

## Years Service

*Employed in agricultural cooperative business over 30 years, 16 as a General Manager*

## Thoughts/Vision of the current state and future of Agriculture

*Production agriculture has become a business requiring larger amounts of capital to remain viable in the business. This in turn has created an increased need for managing risk in order to maintain a positive bottom line.*

## Thoughts/Vision of the future of Northern Partners Coop

*Northern Partners Cooperative needs to bring products, services and programs to its owner customers that allow them to manage a profitable operation in this business environment.*
