

Management Snapshot

Energy Manager Mike Leffelman

Years Service

Over 30

Personal and Career information

Worked in agronomy & fuels my whole career, managed for 9 years before coming to Northern Partners

Thoughts/Vision of the current state and future of Agriculture

Extremely competitive, less farmers farming more ground but I believe there will always be a place for the so called "small" farmer

Thoughts/Vision of the future of Northern Partners Coop

We have only scratched the surface of our potential. The next 5 years will see steady growth both within our current trade area and outside the area we now call our home trade area.
